**Eye Contact:** Flush eyes immediately with large amounts of lukewarm water for 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Seek medical attention if redness, swelling, itching, burning or visual disturbances occur.

**Skin Contact:** If irritation develops and product is on the skin rinse thoroughly with lukewarm water, followed by a thorough washing of affected area with soap and water. Do not wear contaminated clothing until after it has been properly cleaned. Seek medical attention if redness, swelling, itching, or burning occurs.

**Inhalation:** Remove to fresh air at once. Under extreme conditions, if breathing stops, administer artificial respiration and seek medical attention.

**Ingestion:** Do not induce vomiting! If conscious, give several glasses of water or milk IMMEDIATELY. Never give anything by mouth to an unconscious person. Contact ChemtRec at +1(703)527-3887 or the nearest Poison Control Center or local emergency number. **5. FIRE AND IGNITION INFORMATION**

**Burn Rate:** Not determined.

**Extinguishing Media:** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Special Protective Actions for Fire-Fighters:** Dangerous fire hazard when exposed to heat and flame. In the event of fire, wear self-contained breathing apparatus. Vapor may cause flash fire. Water spray may be used to keep fire-exposed containers cool and minimize risk of rupture.

**Unusual Fire/Explosion Hazard:** Combustible. Above flash point, vapor-air mixtures may be a fire and explosion hazard. Vapors can flow along surfaces to distant ignition source and flash back. Sealed

containers may rupture when heated. This material may produce a floating fire hazard. Sensitive to static discharge. May release irritating gases/fumes during thermal decomposition or burning.

**Specific Hazards Arising from the Chemical:** Not Applicable.

## 6. ACCIDENTAL RELEASE MEASURES

**Personal Precautions:** Avoid inhalation of dust and vapors. Remove all sources of ignition. Ensure adequate ventilation. Use personal protective equipment. See also Section 8.

**Methods for Cleaning Up:** Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment.

For small spills (e.g. < 1 gallon (3.785 liters)) wear appropriate personal protective equipment (e.g. goggles, gloves). Maximize ventilation (open doors and windows). Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state, and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove and contaminated clothing and wash thoroughly before reuse.

For spills  $\geq$  1 gallon (3.785 liters), deny entry to all unprotected individuals. Dike and contain spill with inert material (e.g. sand or earth). Transfer liquid to containers for recovery or disposal and solid diking material to separate containers for proper disposal. Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

**Environmental Precautions:** No special environmental precautions required. Local authorities should be advised if significant spillages cannot be contained.
